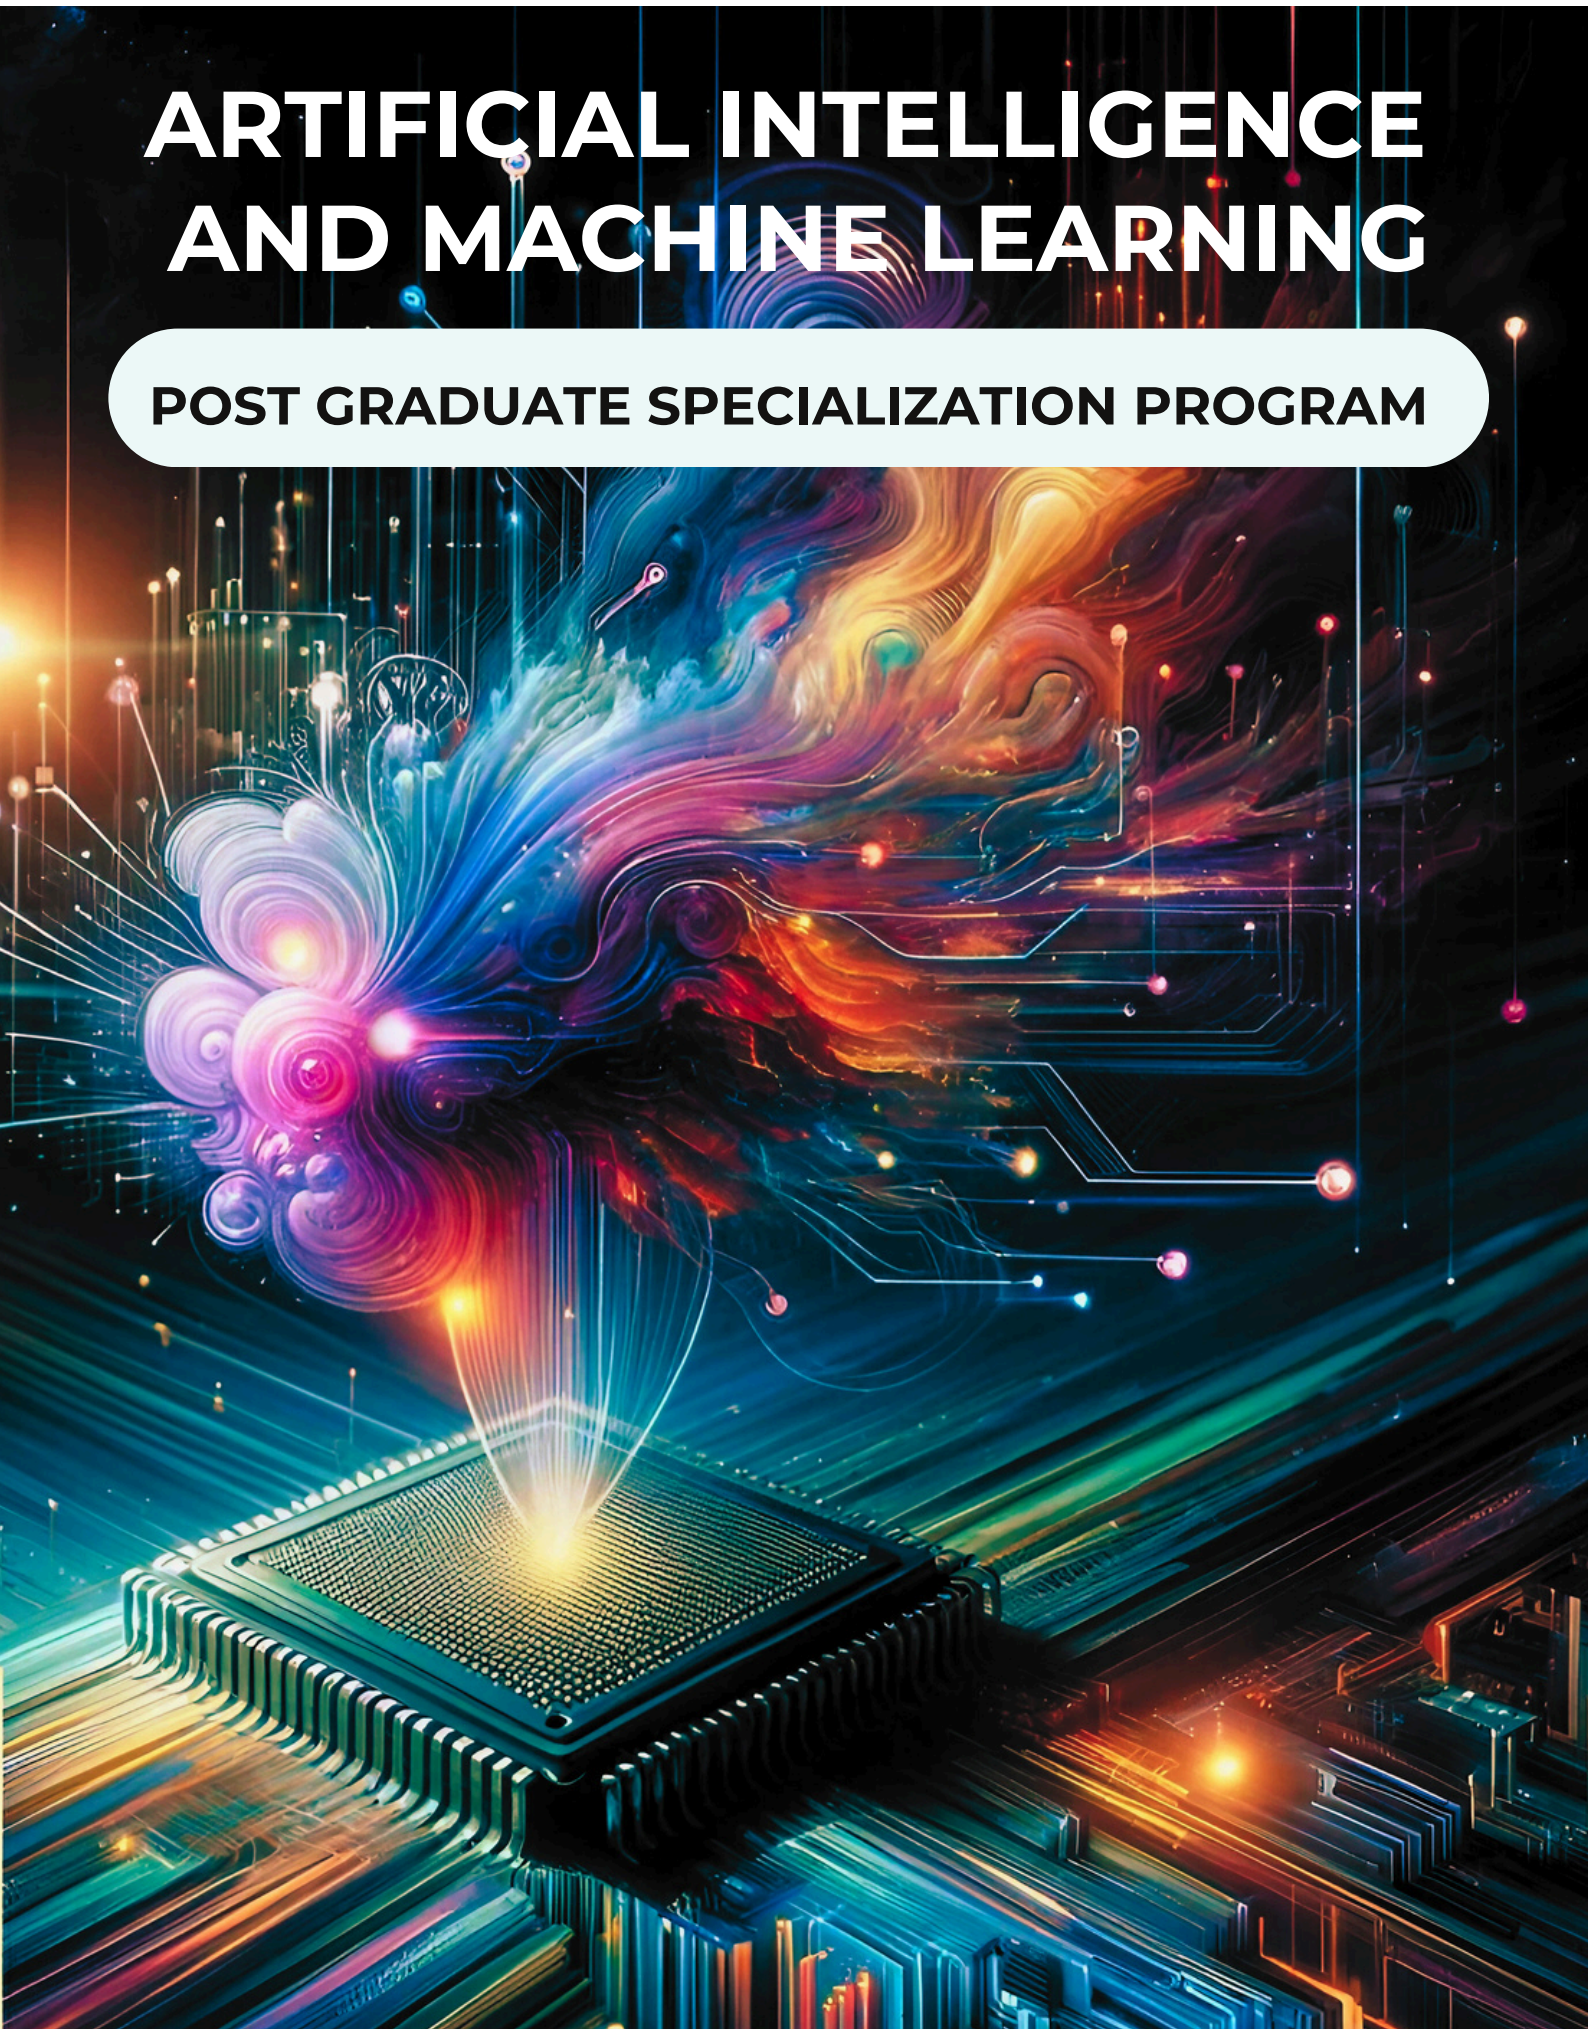
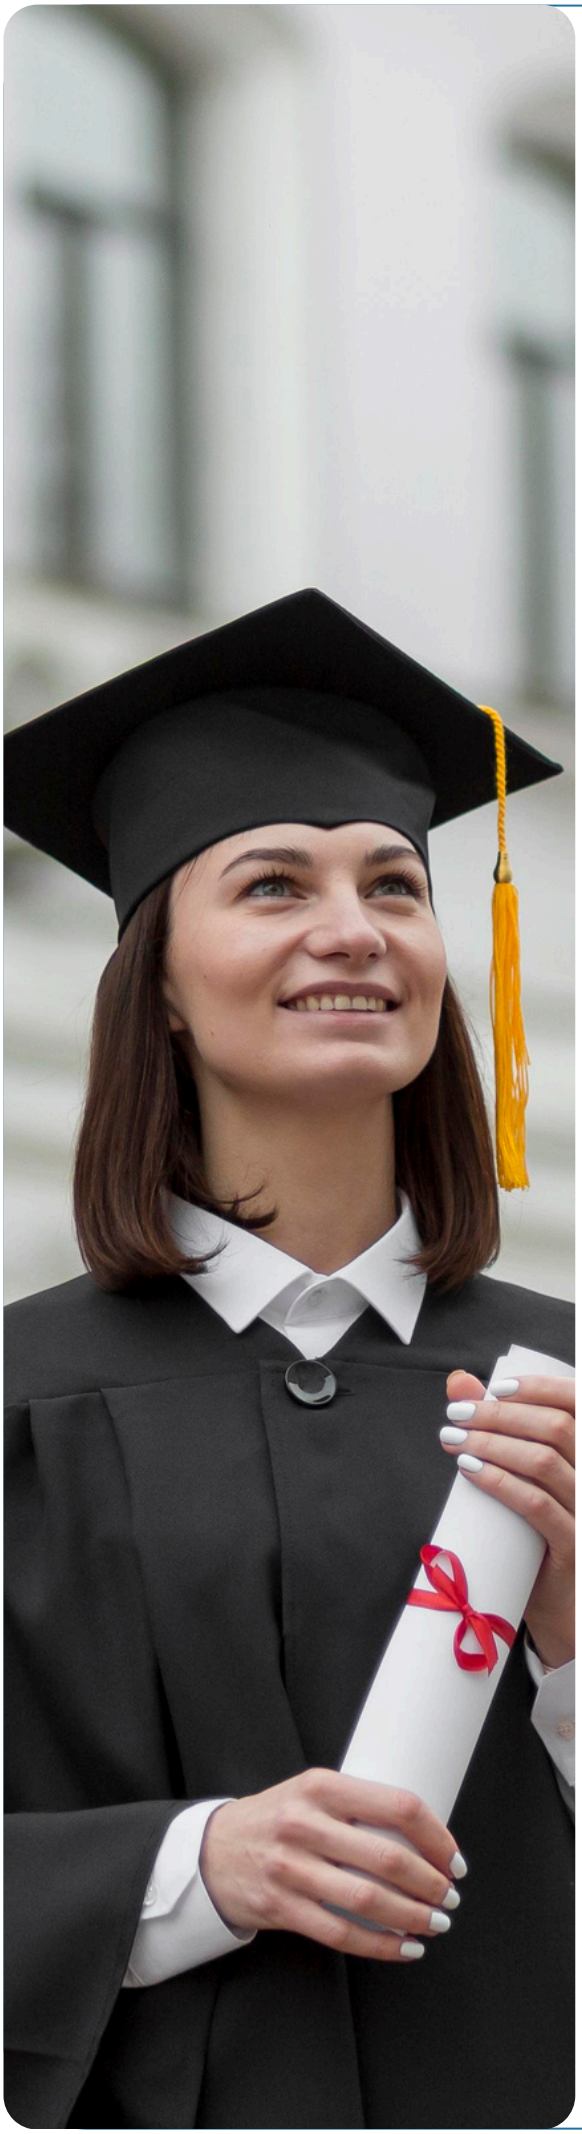
EDATHENA

ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

POST GRADUATE SPECIALIZATION PROGRAM





BE MADE TO TAKE THE NEXT BIG STEP IN ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

Hero Vired's Accelerator Program in Artificial Intelligence and Machine Learning is designed for everyone who wants to accelerate their career in Artificial Intelligence and Machine Learning and strengthen their model-building skills.

The program is structured to provide the pre-modeling and modeling concepts in a constructive manner. The program exposes the learners to the applications and benefits of predictive modeling, deep learning concepts, and technologies. The program structure navigates the learners to build solid foundations for machine learning algorithms, and mathematical and statistical models that enable them to make data-driven decision making. The program provides extensive in-class, hands-on exercises, post-class practice exercises, domain/industry-relevant projects, and many more that would help learners to build their skills systematically in the Artificial Intelligence and Machine Learning field.
